8. Provide the list of funds by Central/ State Government- UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.

Institution/Departmen t/Faculty	Scheme	Funding Agency	Year of award with duration	Amount
Electrical Engineering Department	Lead College	Shivaji University Kolhapur	2019 1	15000
Electronics and Telecommunicati on Engineering	Lead College	Shivaji University	2018 2	15000
Institute	Pradhan Mantri Kaushal Vikas Yojana	Central Government	2019 365	107100
Automobile Engineering Department	Lead College	Shivaji University	2019 03	20000

No Files Uploaded !!!

9. Whether composition of IQAC as per latest NAAC guidelines:	Yes
Upload latest notification of formation of IQAC	<u>View File</u>
10. Number of IQAC meetings held during the year :	3
The minutes of IQAC meeting and compliances to the decisions have been uploaded on the institutional website	Yes
Upload the minutes of meeting and action taken report	<u>View File</u>
11. Whether IQAC received funding from any of the funding agency to support its activities	No

during the year?

12. Significant contributions made by IQAC during the current year(maximum five bullets)

Motivated faculty to publish the articles in international Journals and Impact factor Journals

Arranged Faculty Development Programs/workshop/training programs

Motivated faculty for NPTEL Swayam courses

Guidance given to students & Faculty towards holistic development through meditation session

<u>View File</u>

13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year

Plan of Action	Achivements/Outcomes	
To encourage teachers to participate in various activities like Conferences, FDPs, online courses etc.	Faculty presented paper in 18 International Conferences and 02 National Conference. • 02 nos. FDP's were organised • All faculty have registered and acquiring courses from NPTEL Swayam portal.	
Arrange Industrial Visits	06 nos. Industrial visits conducted	
Effective Implementation of CBCS system for F. Y. B. Tech. and S. Y. B. Tech courses	The performance of students in university exam is improved	
View	<u>v File</u>	
4. Whether AQAR was placed before statutory ody ?	Yes	
Name of Statutory Body	Meeting Date	
Board of Governors	23-Dec-2019	
5. Whether NAAC/or any other accredited ody(s) visited IQAC or interacted with it to ssess the functioning ?	No	
6. Whether institutional data submitted to ISHE:	Yes	
ear of Submission	2019	

Date of Submission	22-Feb-2019
17. Does the Institution have Management Information System ?	No

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institute follows the academic calendars provided by the affiliating universities DBATU and SUK and imparts quality education by utilizing the available resources efficiently. The institute has developed a structured and strategic approach for the implementation of the curriculum effectively. The following are the methods used to implement the curriculum throughout the academic year. Principal Meeting: Principal's meetings (Academic Advisory Committee) are conducted with HODs once in a week to discuss the academic as well as administration plans and for their effective implementation. Then HODs in turn held meetings with all faculty of the departments for further processing. Academic Calendar: As per the university, the academic calendars are prepared and all the departments stick to the prescribed academic schedule throughout the year. Vision and Mission: In addition to the college vision and mission, each department is having vision and mission statements and PEOs and POs are defined. Academic Diary and Course File: Academic Diary and Course file for each subject are prepared by faculty at the beginning of the semester and different contents like lesson plan, term work evaluation, mentors information etc. are added in it for executing the pre-planned activities. Contents of academic dairy and course file: ? Syllabus ? Lesson Plan ? COs, POs and PEOs and their mapping ? Attendance Records ? Plan for Laboratory and its Attendance ? Record of Industry-Institute interaction ? Record of industry visits ? Conference and workshops attended ? List of Research paper published ? Mentors-Mentee information (Teacher- Guardian) ? Unit tests and Mid-term test question papers and scheme of evaluation ? Assignments/tutorials ? Notes and NPTEL lectures ? University question papers ? Record of additional activities The action plans: ? The Academic Advisory Committee (AAC) of the institute consisting of Principal, Deans and HODs conducts meetings to review the effective implementation of the curriculum. Teachers are encouraged to impart the curriculum through innovative teaching methods such as ICT presentations, assignments, discussions, workshops, seminars, industrial visits, apart from regular/traditional chalk and talk methods. ? The various assessments like unit tests and midterm tests, assignments are regularly conducted as per the academic calendar. ? Proper review of the results is carried out by the respective faculty and the HODs to analyse the performance of the students. ? Progress of the students is regularly informed to their parents through direct communication (SMS and Letters). ? Parent's meets are conducted regularly to have interactions of parents with HOD, faculty and Guardian Teacher about the student's performance. ? The communication and aptitude skills of the students are improved through extra coaching related to critical thinking, group discussions and interviews to maximize placement.

4 – Feedback System									
4.1 – Whether structured feedback re	ceived from all the sta	keholders.							
Students			Yes						
Teachers			Yes						
Employers			Yes						
Alumni			Yes						
Parents			Yes						
4.2 – How the feedback obtained is be naximum 500 words)	eing analyzed and util	ized for overall	development of the institution?						
Feedback Obtained									

gives feedback for all the theory and practical courses taught to them in the semester. The general assessment points of the feedback based on question based syllabus, adequacy of syllabus, assessment of answer books, Satisfaction about teaching methodology, Teachers approachability towards students, Teachers ability to teach subject and control the class, Syllabus coverage organisation of lectures use of modern tools of Pedagogy etc. on a grade of 4 scale with number 4 meaning excellent and zero meaning poor performance. The Institute policy is that if a teachers gets average grade less than 2, he/she is being called by the institute authorities such as Dean academic, registrar, Vicechancellor and is being informed about his/her performance of the particular course. The teachers are accordingly instructed by the authorities to improve their performances. Alumni Feedback is conducted whenever Alumni Meet are organised in the Institute during academic year. The Employers feedback highlights evaluation parameters in the form of subject knowledge, attitude, Behaviour, Regularity, Punctuality, Maturity, Motivation, Creativity, Presentation Skills and ability to get along with others. The analysis of this feedback helps institute in reframing the course content and various skill development training. It also helps in determining overall employability of our students at various levels. The feedback from the Parents helps the Institute immensely reorienting the administrative, accommodation, general ambience, the skill development, suitability of the courses for career growth of the ward,

CRITERION II – TEACHING- LEARNING AND EVALUATION

	<u>View</u>	File of ICT	Tools and resc	ources			
	View File of E-resources and techniques used						

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring of students is conducted by the departments of the institution. Mentoring of students is based on the following objectives: • To increase the teacher-student contact hours • To identify and address the problems faced by slow learners • To encourage advanced learners • To decrease the student drop-out rates • To prepare students for the competitive world Teacher Guardian Scheme: The teacher as a guardian for mentoring the students is implemented. IQAC developed the TG forms for counselling and mentoring of the students. Every year, departments individually organize orientation sessions on the class commencement day for students of first semesters and explain the designing and implementation of the mentoring system of the department. In the mentoring process, all necessary information related to the student such as the contact number, email of the student, family income, category, gender etc are initially collected by the department through the student database format provided by the IQAC. Departments maintain the records of class tests/surprise tests, attendance records, records of student seminars etc related to the reviewing of the performance of the students. Departmental teachers maintain interaction with students through individual meetings, social networking sites. Teachers discuss with parents during parent-teacher meetings and try to identify the problems faced by students and related issues.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
1087	92	12

2.4 – Teacher Profile and Quality

2.4.1 - Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D	
110	92	18	12	8	

2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year)

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

he evaluation scheme of DBATU is: Continuous Evaluation-20 Marks Mid Semester Examination-20 Marks End SemesterExamination-60 Marks Final marks of all courses are converted in to CGPA for each semester and finally it is converted in to 10 point scale The evaluation scheme of SUK is: Term Work-25 Marks Oral Exam-25 Marks for few courses End SemesterExamination-100 Marks Following are the different reforms executed by the Institute in Continuous Internal Evaluation (CIE) system. Institute conducts unit tests and midterm tests according the schedule of the academic calendar (in line with the university) across all the departments. The course teacher evaluates the unit and midterm test papers and circulated to the students for their information and clarifications if any. Finally compilation of all the marks of all the courses for a particular class is done at the department level and counselling and mentoring is done accordingly CIE test marks are disseminated to parents through SMS and letters. Parents meet is conducted in all the departments to communicate the wards performance to their parents. The continuous evaluation of the term work and laboratory work is done as per the following marks distribution. Practical/lab Performance - 40 Timely Submission - 20 Experimental write up - 20 Neatness - 10 Orals during assessment 10 In addition, the CIE of the students is also carried out conducting tutorials and assignments. For DBATU, test marks are converted to out of 20 based on the marks obtained in two unit tests Continuous Assessment 1 and 2 (CA1 and CA2) marks are allotted out of 20 Test marks and CA1 and CA2 marks are counted out of 40.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The academic calendar of the institute is prepared centrally by Principal and Heads of the departments and it is in line with the calendar of events of affiliating universities. All events such as academic, co-curricular and extracurricular activities and holidays are also included in the calendar. Academic activities include unit tests, theory and practical exams, reopening and last working days of the semester, expert and guest lecturers and departmental knowledge enhancement programs. All the continuous internal evaluation practices such as conduction and evaluation of unit tests, evaluation of laboratory performance, assignments, tutorials etc. are conducted strictly in line with the institute and department calendars. Co-curricular and extracurricular activities are paper presentation competitions at institute as well as state level, project competitions, project based learning competitions, sports events, annual social functions, national days and other important days included Department coordinators will also prepare the calendar in line with the college by including the departmental activities. The departmental calendar will be circulated among faculty and students for information and further implementation. The different departmental academic activities such as theory and laboratory classes, tutorials, assignments, unit and midterm tests, subject and project seminars are conducted in accordance with the calendar. HOD takes the review of departmental activities conducted as per the calendar. Principal monitors and take review of all activities conducted in the college with respect to academic calendar.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

SETI is having established systems and procedures for maintaining and utilizing Physical, Academic and support facilities. Appropriate care is taken to keep the infrastructure and laboratory equipments in clean and working condition. For some of the workshop machines preventive maintenance is carried out by the concerned instructor such as oiling of lathe beds, maintenance of workshop accessories and tools. In case of breakdown maintenance of equipments initially the other departments are consulted for related maintenance. Established standard procedures are followed for maintenance of laboratory equipments. The

maintenance at different sections of the institute is given below: Laboratories: Preventive maintenance is carried out regularly and breakdown maintenance is carried out as and when required as per the standard procedures of the institute. Computer Hardware, Software and Networking: The institute has a separate IT infrastructure in charge who looks after the maintenance of IT facilities including hardware, networking, system and application software maintenance. Library: The Librarian with the supporting staff maintains several

activities in the central library. The earlier journal and magazine issues as well as the deteriorated books are bound every year as per institute's standard procedure. Sports infrastructure: Dedicated Physical Director looks after the maintenance related issues. Maintenance of grounds is carried out by the

institute at central level. Physical director is keeping the record of utilization of sports equipments and facilities. Class Rooms: The class rooms sweeping and cleaning is done every day. Principal, HODs and Class coordinators also monitor the cleanliness and neatness of the classrooms and corridors. The maintenance, cleaning and washing of the washrooms is done by the house keeping department centrally. Electrical maintenance: The electrical maintenance is

carried out by Electrical Engineering department. A separate electrical maintenance and repair team is assigned the job of all electrical related issues including lights, generator, energy bills, new wiring, LAN cabling etc. This team also looks after the electrical maintenance of the entire Sanjeevan family campus. Drinking water coolers, Lift etc.: SETI has its own water supply system. The water is processed in a central RO purifying plant and is supplied to all the premises. The water is provided for drinking at various locations and corridors of the institute by means of water coolers. The maintenance of this water supply amenity is carried out at central level. The lift is maintained by the supplier through AMC. The garden maintenance, tree

plantation, sapling decorations required for various functions, development and maintenance of lawns etc. is taken care by a central team. CCTV, Intercom, Security etc: The maintenance of CCTV is done by an external agency through AMC. The maintenance of all the intercom facility is done by ETC department. Ex - Service men are appointed as security guards and are guarding at prominent locations including the entrances of Sanjeevan campus. Furniture maintenance: The furniture maintenance is taken care by the workshop of SETI, Panhala. Transport facility: The routine maintenance of all buses including greasing and oiling is carried out at institute's automobile engineering department.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Student Council: The institute has an active student council. The student council is framed every year as per the norms of Affiliated Universities. The members of the student council are: 1. Four student members (toppers), one from first to final year of all the programs. 2. One student member representing as sports coordinator selected by physical director of the institute. 3. One student member representing as cultural coordinator selected by faculty cultural coordinator. 4. Two girls student members out of which one is from reserved categories selected by Principal. 5. One Student NSS member selected by NSS coordinator 6. One faculty representative. 7. Physical director of the institute. 8. By default, Principal is the Chairman of the student council. Functions of Student Council: 1. One general secretary is elected among all nominated students by all the members of student council. The general secretary is actively involved in smooth conduction of annual social function of the institute in coordination with the student cultural coordinator, faculty cultural coordinator and the Principal. 2. The sports coordinator actively organizes and participates in annual sports of the institute. He also organizes intercollegiate, inter university, zonal, and inter zonal sports events which are hosted by SETI in coordination with physical director and the sports organizing students committee. Library Advisory Committee: Six student members are nominated in each department by HOD. These students actively participate in the development of library as learning resource. These students give concrete suggestions in the library committee meeting for utilization and overall development of central library. Departmental advisory board (DAB): Two student members are nominated by the HOD in each program. These students actively participate in DAB meetings and give their views regarding curriculum enrichment. Internal compliance cell (ICC): Some girl students are members of the internal compliance cell (ICC). This cell takes care of gender related issues such as Sexual harassment prevention. National Service Scheme (NSS): It is the only a platform for students to extend social and community service. The

faculty advisor along with the student members organizes various programs. In these programs students are actively participating and making these NSS programs more fruitful. Hostel committee: Hostel committee and Anti ragging squad of the institute consisting of student members also. The student members look after the newly admitted students and guide them regarding ragging and its effects. Different technical events/competitions are organized in the institute such as Parikramaa, Controstav, and Mecher. In organizing these programs, various committees of students are formed by the student coordinator under the guidance of faculty. Students get exposure to event organization and working in a team as a team member through active participation.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

SETI has strong belief that alumni are great role models for present students and are often well placed to offer practical support, since they have already started their professional career. Alumni are often in the position to engage the expertise of the institution in the professional growth. Our alumni are our brand ambassadors, so Sanjeevan registered "Sanjeevan Alumni Association" (SAA) under the Society Registration Act, 1860. Every pass out student is eligible for life time membership and can become a member by completing registration process. The executive committee of the alumni association comprises of alumni as its members along with faculty coordinator. These members play very important role of initiating, maintaining and renewing communication with the alumnus. A strong and healthy relationship with the alumni and the industry helps in providing newer avenue for progress of the institute. The major role played by alumni is elaborated below: • Alumni of the institute are involved in Departmental Advisory Board (DAB) of each department. DAB actively contributes in the development of the department and institute. • Sponsorship and technical assistance of Projects for final year students • Guidance to cultural group • Training programs and guest lecturers for the students • Interaction with the students • IQAC has alumni of the institution as member these members contribute to the improvement of teaching learning process Institute organizes alumni meet at the institute. During this meet the alumni contributes a lot to the present students through interaction and to the institute. Various events in the alumni meet are: Interaction with faculty, interaction with students, sharing the views and experiences on the Dias during the speech.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The institute has academic administrative support system in place. The various committees with their clearly defined functions exist as mentioned below. a) Governing Council: The various functions include ? Framing directive principles and policies, ? Amending and approving policies from time to time and approving

budgets. b) The Principal is the academic and administrative head of the Institution. However, the responsibilities are delegated to the deans, coordinators and heads of departments. c) Academic Advisory Committee: the members of AAC are Principal, deans, coordinators and all programme heads. The functions are: ? To approve academic policies of the institute ? To recommend to the governing council regarding budgetary requirements for academics ? To review academic progress of the institute and suggest measures to improve. d) Department Advisory Board (DAB): This committee consists of all the stake holders of the institute. The functions are: ? To define vision and mission of the department. ? To define programme specific outcomes, programme outcomes, course outcomes and their mapping. ? To review academic progress of the programme. ? To inculcate RD culture and its extension. • Heads of the departments are empowered for executing the policies in their department. • The faculty members are nominated to be the members of institutions committees so that they can put forth their innovative ideas to achieve better results. • Head of the institution ensure that every staff has a clearly defined role with specific duties and responsibilities. • Under the leadership of the Principal, chairpersons of various committees HODs are engaged in assigning, delegating, coordinating and communicating responsibilities to the staff members as per the established system. • The responsibilities assigned to the teachers are conveyed to them in the periodical meetings/ reviews and by issuing personal letters and e-mails to them. The responsibilities are defined and communicated to the faculty staff of the Institute through official orders and mails. Various other committees like Grievance Redressal Committee, Internal Compliance Cell (ICC), Hostel and Anti Ragging Committee etc. assist in the effective and efficient functioning of the institution. The institute promotes a culture of participative management by following means: • All the major decisions are taken by the Principal after wide consultation with the HOD's. • A decentralized functioning mechanism, empowers the departments and individual faculty with a great level of flexibility in academic administration, and helps the faculty in making decisions. • The policies are well defined by the college authorities and well informed to all the concerned. • In most of the committees, right from the governing council to the departmental committees, faculty involvement and participation is allowed. • The management gives suggestions on various aspects on the basis of Principals report and feedback from the society. These suggestions are communicated to the teaching and nonteaching staff and implemented by the Principal if feasible.

6.1.2 – D	Does the	institution	have a	Management	Information	System	(MIS)?

No

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	[1] Admission of the students is through a student centric Central Admission Process(CAP) conducted by a State Government body DTE (Directorate of Technical education) [2] The institute adopts following strategies to attract quality students: [a] The excellent infrastructure provided by the institution is well accepted by the students as well as parents [b]
	Institute is able to attract and retain well qualified and motivated faculty. [c] Excellent Academic results in

	University examination. [d] Institutional scholarships to needy students [e] Encouraging extra- curricular and co-curricular activities. [f] Maintaining Ragging free environment [g] The institute conducts admission process higher education awareness programmes, counselling sessions for prospectiv students
Industry Interaction / Collaboration	<pre>[1] Departmental Advisory Board (DAP includes a member from Industry. [2 MOUs signed with various industries Institute has MoUs signed with industry. [3] Alumni placed in the reputed industries are invited for interaction with the students. [4] Entrepreneurship Development Cell (EDC), which creates Entrepreneurshi awareness programmes for the student in collaboration with Industrialist [5] Industrial tours/visits are arranged to give exposure to the students and update the technical knowledge of the students.</pre>
Library, ICT and Physical Infrastructure / Instrumentation	ICT: [1]The institute has total 200 Mbps Internet Connectivity [2] Intern CCTV surveillance network is installed in prominent places. Library: [1]Central Library committee gives guidelines for improving the quality library resource. [2]Each Department has its own Departmental Library facility Physical Infrastructure:- 1)Campus security using surveillance camera 2) Food and canteen facility
Examination and Evaluation	Mid semester examination and Continuo Assessment evaluation is carried out each semester. Timely assessment of t same is done and displayed. Theory examination and practical/oral examinations are conducted as per Shivaji/ Dr.BabasahebAmbedkar Technic university schedule and rules. From faculty side contribution in the examination work - question paper setting, invigilation of theory examination, external examiner and subject experts for the PO examination and assessment of theory examination answer books, for running CAP center Facility center. Question bank providing to students. Continuous Internal evaluation is done on
	Continuous Basis.

	carried out as per guidelines of Shivaji University, Kolhapur and Dr.Babasaheb Technological University, Lonere. [2] The Choice Based Credit System (CBCS) is implemented for all classes [3]For quality improvement, inputs are obtained by following means parents through Parent Teacher Association, academicians through workshops and suggestions from Department Advisory
Teaching and Learning	Student-centric teaching learning methods such as participative learning, experiential learning and learning through problem-solving methodologies are followed for enhancing the learning capabilities by adopting ICT facilities, E-Learning resources, MOODLE, NPTEL etc. Various creative and innovative teaching learning techniques such as video lectures, role-plays, debates, group discussions, etc. are used. Students are continuously motivated to participate in various knowledge and skill enrichment programs. Continuous Internal Evaluation (CIE) of the student's performance is carried out through assignments, tests,mini-projects, seminars and projects. Internal evaluation and end-semester evaluation is used to ascertain the attainment of COS, POS and PSOS.
Research and Development	<pre>[1]The faculty members are encouraged to improve their qualification to M.Tech and Ph.D program [2] Students are encouraged to participate in paper presentation, projects, competition. [3]Faculties are encouraged to apply for their projects and also publish research papers in conferences and reputed journals.</pre>
Human Resource Management	Faculty recruitment is done by following the procedures and rules of the UGC and Shivaji/Dr. Babasaheb Ambedkar Technical University. In case of a need arises to recruit a faculty on temporary basis, the selection is done on the basis of course knowledge. These are judged from the demo lecture by the candidate and Technical interview of the candidate. For professional development institute deputes the faculty and staff to undergo development programs outside the institute. The institute organizes Human Resource development programmes

	<pre>for faculty, staff and students for skill up gradation. The management of the institute regularly conducts interaction meetings with faculty, staff and students to ensure healthy environment. The orientation program and faculty development programmes are conducted periodically to improve the quality of the staff. The staff members are encouraged to conduct/attend FDPs/ Short term courses/workshops/Seminars etc. to update their skills and</pre>			
	etc. to update their skills and			
	knowledge. Welfare schemes are designed for the benefits of staff and students.			
6.2.2 – Implementation of e-governance in areas of operations:				

6.2.2 – Implementation o	f e-governance in	areas of operations:

E-governace area	Details
Administration	The Administration of the College is functions with E-governance system. Institute has dedicated domain based email services through which important notices, circulars are circulated to al the faculty. Records of provident fund income tax details are effectively managed by using computerized systems. The college has Biometric attendance for teaching and non-teaching staff. The college campus is equipped with CCTV surveillance Cameras at prominent places.
Finance and Accounts	Functions of the finance and accounts department is precisely defined and strictly followed with proper accounting practices making record of each financial transaction using softwares like Tally. This helps to keep records of receipt of funds, staf salary and all types of purchases and payment of various utility bills and taxes.
Examination	Students registration form for examiantions are online. The hall tickets are received online. All correspondence to University like communicating the end exam results, copies of provisional certificates, ar all communicated to university through online university templates. Institute runs CAP (Centralized Assessment Process) center for the theory paper assessment of university examinations.Marks are fed online in the University CAP portal which helps in the quick declaration of examination results.
Student Admission and Support	The institute uses latest tools and

	<pre>technology to promote student admission and provides support the students. Admission process is governed by Directorate of Technical Education,Government of Maharashtra. Biyanis messaging application is used to give the information of admission to 12th students. Advanced tools are used to practice MOCK MHT-CET examination. Official WhatsApp groups are created by students which includes teaching faculty for the quick communication and also study materials,notes, are shared in the group</pre>
Planning and Deve	lopment Planning Development of institute is carried out by using e-governance systems. Planning of academic activities includes time table, recording of academic audit. Academic calendar of institute as well as department are made available to all stakeholder through website.

6.3 – Faculty Empowerment Strategies

6.3.1 – Teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies during the year

Year	Name of Teacher	Name of conference/ workshop attended for which financial support provided	Name of the professional body for which membership fee is provided	Amount of support
2018	Dr. Vishal A.Patil	Research Methodology and Patent filing	AICTE, ISTE	1500
2018	Dr.Pawar Haridas Hanmant	Research Methodology and patent filing	AICTE, ISTE	1500

Scholarships Scholarship for Meritorious Students, Financially Weaker, Institute Scholarship for needy students. Parents of Student who died in an accident availed the facility.

6.4 – Financial Management and Resource Mobilization

6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)

The institute has a well-defined mechanism to monitor effective and efficient utilization of available financial resources for the development of the academic processes and infrastructure. Institutional budget is prepared every year taking into consideration of recurring and non-recurring expenditures. All the major financial decisions are planned and finalized in the Institute's Governing Body Meetings (GBM). Qualified Internal Auditors from external resources have been permanently appointed and a team of auditing staff carry

out a thorough check and verification of all the accounts documents including receipts and payments of the transactions that are carried out in each financial year. Similarly detailed external audit is also carried out annually.

7.1.7 – Initiativ	es taken by the	e institutio	on to	make the cam	ous eco-friend	dly (at	least five)	

1. Public Transport: More than 50 of the students are using the public transport vehicles. 2. Pedestrian friendly roads: The institute campus is having a uniquely designed pedestrian road exclusively used for walking for students and faculty. 3.Plastic-free campus: SETI mess canteen and store always maintain the plastic free transactions by avoiding use of plastic carry bags. 4.Paperless office: The paperless office is maintained to some extent by practicing following activities: • Display of notices using LED screens. • Most of the interdepartmental and office communication is through emails and android messaging softwares. • Students' response/data collected through Google forms. 5. Green landscaping with trees and plants: • SETI is known for the 'Green Sanjeevan , Clean Sanjeevan'. • SETI has got unique tradition of offering saplings instead of banquets to the visitors, guests, eminent personalities etc. invited during various functions. • Garden and grass lawns with decorative rockery and statues are developed and maintained by using the exit water from the sewage of the campus and number of sprinklers. 6.E-waste management: The different types of e-waste generated in the Institute handed over to the ewaste handling agency. 7. Mess and canteen waste management: The pre and post cooking food waste is used as pig feed for nearby pig farm. 8. Office waste is recycled. 9. Rain water harvesting.

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

Best Practices: 1 1. Title of the Practice - Best Outgoing Student of the Institute. 2. Objectives of the Practice: To encourage the healthy competition among the meritorious students of all the programs. To give due respect and accountability to the distinguished students of the institute. To carry forever the happiest and the best memories from the institute by the best outgoing student awardees and its competitor. 3. The Context: Every year at the time of annual social function the best outgoing student competition is organized by the institute. The committee of all the head of the programs along with the supporting faculty is appointed to decide the best outgoing student. The applications are invited from the interested students in the prescribed format which is uploaded on the institute website. This form has got various aspects such as academics, curricular, co-curricular, extracurricular and other performance of the student within and outside the institute. Based on the every entry in the application appropriate marks are allotted and the highest scoring student is declared as the best outgoing student of the academic year. This competition is open for all final year students of all the programs. The best outgoing student is finalized by all the HOD's. 4. The Practice: As per described in the context the applications are submitted to the concerned incharge faculty with due signatures and attested copies of certificates and proofs with final recommendation signature of HOD of the respective programme to which the student is associated. The distribution of the marks is as per below: A. Academic achievements - 100 marks B. Participation in Technical event 10 marks Cultural event 10 marks Sports event 10 marks NSS 10 marks Leadership 10 marks Overall Attendance 25 marks Total 175 marks The highest scoring student among all the competitors is declared as the best outgoing student of the academic year. 5. Evidence of Success: Based on the above marking scheme the best outgoing student was selected and awarded a very prestigious beautiful certificate in a decorative frame signed by head of the institute and the management. Mr. Sanginkar Ankush Ramchandra is the winner of Best outgoing student in academic year 2018-19. 6. Problems Encountered and Resources Required: While selecting the best outgoing student it was expected that the every departmental head should take care of sending at least one the best nomination from the respective programme. However it was observed that there were multiple numbers of nominations from the same programme and there was not a single nomination from the other programme. It was expected that programme

head should encourage and send the single best application. However to have a fair and best competition all the applications were accepted by the committee and scrutinized. Best Practices: 2 1. Title of the Practice - Awareness among rural area towards higher education 2. Objectives of the Practice: • To make the rural students and parents aware about higher education through personal counseling. • To convey different government schemes and facilities towards higher education among the rural masses. • To create awareness regarding procedure (entrance test) and eligibility of engineering education. • To nurture the young rural students in the domain of technical education. 3. The Context: The institute is located around 25 kilometers away from Kolhapur at the foothill of the historical Panhala fort. The location of the institute is very remote where connectivity through public transport vehicles is very poor. The area surrounded around the institute is very rural where main occupation of the population is farming, especially rainy season crops such as rice and other rain dependent crops. Therefore the area is a bit less educated and majority of the population is below poverty line. Therefore it becomes necessary to guide and counsel the students and their parents regarding engineering education. The students are potentially good in their school academics but the appropriate guidance in their career building is lacking. Through our institute cell, the students and parents are made aware about the avenues in higher professional education especially in engineering and technology. 4. The Practice: The cell is formed and coordinated by one faculty acting as the overall in-charge of cell. The android messaging group on WhatsApp is created, and every teaching and non teaching staff is the member of this group. The member of the group is sharing his / her contribution for awareness on this group through photographs, text messages and the important circulars. The various regions representing teams are prepared based on the location suitability of faculties and staff. These teams headed by faculty coordinators and members visits nearby schools, junior colleges and academies for seeking permissions to arrange the awareness sessions of opportunities in higher education's after SSC and HSC to the students. The team members conduct various sessions for creating awareness among the students and parents regarding education after SSC, HSC, etc. and also create awareness regarding the entrance examinations for career opportunities through higher education especially technical education. For building confidence before the MHT-CET final exam, the MOCK test is organized and conducted with the due permission of the head of the respective organizations at various Jr. colleges and academies for the benefit of rural students. This cell helps and guides the interested and eligible students for their admissions and enrollment in their areas of interest. For this purpose the institute opens the facilitation center (FC) approved and permitted by DTE, MS. The job of FC is to provide necessary guidance and help for all the procedures related to its engineering and polytechnic admissions. 5. Evidence of Success: The institute is well known for its Engineering Education in all the programmes including UG, PG and Diploma. The established Admission cell of SETI encourages the rural area students to enroll for Engineering Education. This is made successful by all team members. The awareness of higher education and reputation of SETI and its faculty in nearby rural society is enhanced due to technical sessions, guidance, presentations and interactions. The people to whom the faculty team members interacted also impressed and started giving advises to the next generation students about SETI and its various programmes of engineering education. 6. Problems Encountered and Resources Required: Some villages of concern are very remote where approach towards needy student by public transport was bit difficult. In some of the areas at the time of presentations the problem of power shortages were arises. During interactions and presentation regarding higher education need of internet facility also was not available at some of the locations. These problems were thoroughly studied

by SETI cell and provided all the necessary support to overcome the same, which includes provision of transportation in the form of institute vehicles. By

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

http://www.seti.edu.in/uploads/about/Best%20Practice.pdf

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

One of the distinctive areas for the institutional performance in line with its vision, priority and thrust is SETI university rankers and social service through NSS. Every year the SETI final year students almost from all programs are securing positions in university ranker list. The institute feels this as one of the distinctive area for the institutional performance considering the location and the enrolled student's merit. The students enrolled are very weak in communication, understanding, academically and economically. The students of SETI are groomed in such a manner that within four years they appear in university merit list by overcoming all these hurdles. The automobile engineering programme has its reputation for university rankers, every year the students from this programme are appearing in university ranker list. The following is the list of SETI university rankers in May 2019 Examination: Sr.No Name of student Branch Rank 1. Avadan Sudhir Manohar Mechanical 2nd 2. Rhaykar Vishwajit Sanjay Mechanical 6th 3. Patil Snehal Vitthal Mechanical 8th 4. Chavan Prasad Malgonda Mechanical 9th 5. Darvajkar Noman Hasan Automobile 3rd 6. Bandaragal Priyanka Rajesh Automobile 5th 7. Patil Renu Prakash Automobile 9th National Social Service (NSS) is also one of the important distinctive areas in line with institute's vision statement. In this activity students are voluntarily participates under NSS faculty coordinator. In various social programs in all 20 activities in an academic year are conducted successfully in an academic year. One of the mega event organized by NSS is blood donation camp on 13th March every year to offer birthday wishes in a totally different way to of Mr. P. R. Bhosale, Hon. Chairman, and Mr. N. R. Bhosale, Jt. Secretary, Holywood Academy. Following is the list of NSS activity successfully conducted by students: Sr.No. Activity 1. Yoga Day (21/06/2018) 2. Tree Plantation (13/07/2018) 3. Tabak Udyan Swachhta (28/07/2018) 4. Kranti Din (09/08/2018) 5. National Sports Day (29/08/2018) 6. PAN Card and Passport Camp (07/09/2018) 7. Cleaned College Campus (28/09/2018) 8. Gandhi Jayanti (02/10/2018) 9. Peth to Panhala Shramdan (12/10/2018) 10. Food Distribution to Balogram Students (22/10/2018) 11. Plastic Free Panhala (31/10/2018) 12. Savrewadi Cleaning (30/12/2018) 13. Ground Cleaning (08/01/2019) 14. National Youth Day (12/01/2019) 15. Swacch Bharat Abhiyan (31/01/2019) 16. Rally and Street Play (15/02/2019) 17. Ghungurwadi Shramdan (01/03/2019) 18. Police Station Cleaning (11/03/2019) 19. Blood Donation Camp (13/03/2019) 20. Program on VVPAT Machine Information (15/03/2019)

8. Future Plans of Actions for Next Academic Year

Future plans in coming academic year 2019-20 Sanjeevan and its associates have been working hard to achieve its vision to educate to excel in social transformation. A team at the institution level with experts from outside under the guidance of Principal working hard to maintain and excel quality in not only teaching learning process but also in research, co-curricular and extracurricular activities also for its students. Different cells including IQAC and College Development Committee (CDC) have been working hard to keep the faculty and management in the loop to maintain quality policy of the institution. This leads to achieve to realize the vision of the institution. Plans suggested by IQAC for coming year : • Applying for research centre in at least two departments • Should get Permanent affiliation to DBATU • Preparation for applying for 2(f) and 12(B) section under UGC act of 1956 • Preparation to apply for NBA and get the NBA accreditation by 2022 • Improve placement activity in the campus so that the passing out students should get 100 placement. • Strengthen the student council and mentorship which will improve results and placements. • Organise conference at least one national and one international in the coming year. • Strengthen the alumni association and organise one grand alumni meet in the coming year.
