

## Report on Paper Presentation Competition PARIKRAMAA 2K25

**Event Name:** “Paper Presentation Competition”

**Organized by:** Mechanical Engineering Department.

**Date:** 03<sup>rd</sup> April, 2025.

**Venue:** At Class room 208 MED

**Submitted by:** Dr. V. V. Vanmore

### Introduction:

The paper presentation competition at Sanjeevan Group of Institutions Panhala was an energizing event that highlighted engineering students' talent and zeal. The event, organized by the Department of Mechanical Engineering in partnership with Graphics Tech Pvt.Ltd. Kolhapur, aims to create a forum for students to demonstrate their skills while also fostering a sense of fraternity within the academic community.

Paper presentation competitions are an important element of academic environments, especially at engineering institutions, where they allow students to showcase their research, innovative ideas, and achievements. These competitions offer students the opportunity to improve their communication skills, network with peers and professionals, and receive acknowledgment for their efforts. This report discusses the relevance, objectives, organization, and results of a recent paper presentation competition held at an engineering college.

### Significance:

Paper presentations in academia are more than just exercises; they are opportunities for intellectual exchange and progress. Having attended such an event, I've realized the fundamental significance of these occasions and the visibility they bring. Paper presentations are important because they allow people to successfully explain their ideas, exhibit their knowledge, and

participate in intellectual conversation. It also helps to refine research, improve communication skills, and distribute knowledge, all of which can have an impact on real-world applications.

**Objectives:** The primary objectives of the Paper presentation competition were:

1. To provide a platform for students to showcase their Research innovative ideas, and thinking towards development of innovation.
2. To developing Presentation Skills, Enhancing Academic Writing.
3. To foster collaboration and networking among students, faculty, and industry professionals.
4. To promote a culture of research and innovation in the engineering college.

**Theme/Topic:**

All engineering and Management Stream

#### **Judging Panel**

Sr.No	Name	Department	Specialization/Expertise
1	Mr.S.V.Pandit	Industrial Expert	Mechanical Engineering
2	Mr.Samrat A. Babar	CSE	Computer Engineering
3	Dr. Vinayak H. Deokar	MED	Mechanical Engineering

**Evaluation Criteria:**

Parameter	Marks
Originality	10
Creativity	10
Presentation Skill	10
PPT & Paper Formatting	10

## Results & Analysis

### Winners

Rank	Name of Participant	Name of Institute	Amount
1 <sup>st</sup>	Saprem Khot Niranjan Pawar Abhay Patil	KIT Kolhapur	3000/-
2 <sup>nd</sup>	Ridhima Budhale Siddika Sawant	BSIT Kolhapur	2000/-

### Key Statistics

- Total no of entries: 36

### Organization:

The organizing committee, which included faculty members, student representatives, and industry professionals, oversaw the event's organization, coordination, and execution. The competition was available to all undergraduate and graduate students enrolled in engineering programs at the college. Participants were required to submit abstracts/papers from their research papers for consideration by a panel of judges. Candidates were then asked to submit their work in the form of a power point presentation during the competition. The papers were evaluated using criteria such as content originality, inventiveness, visual appeal, technical depth, uniqueness of concepts, and oral presenting skills. The judging panel included of academic members, industry professionals, and specialists in relevant subjects who provided helpful feedback to the participants.

### Outcomes:

The paper presentation competition witnessed enthusiastic participation from students across various engineering colleges. They are mainly under graduates students. Most of students from rural backgrounds. With very short span of advertisement. They have are tried for attempting the computation. Organizing committee enlighten and motivating for such technical computation. Majorly papers are from computer engineering, artificial intelligence and some are inter disciplinary background.

Some outstanding papers were recognized and awarded prizes based on their merit and impact. The competition not only celebrated student achievements but also inspired others to pursue research and innovation in their respective fields.

### Conclusion:

The paper presentation competition at the Sanjeevan Group of Institutions engineering college was a tremendous success, meeting its goals of encouraging creativity, boosting communication skills, and facilitating collaboration among students. Such events are critical for cultivating a culture of research and innovation, ultimately benefiting engineering students' academic and professional development.
